LOCAL INTELLIGENCE.

Sun rises to-morrow at 5:45; sun sets 6:15. High water 7:16 a. m. and 7:37 p. m.

WEATHER PROBABILITIES.—For this section the indications are that Friday will be generally fair, although the weather will be cloudy with possibly light local showers tonight; warmer Friday morning; increasing westerly winds.

EASTER MUSIC.—The various church choirs are having a busy week preparing for the Easter Sunday services. The Catholic and Episcopal churches make special preparation for the day, while the churches of other denominations, as well as Christmas, are coming to be more and more marked by extra musical programmes. The music in the Catholic and Episcopal churches next Sunday will be especially good. The choirs have been hard at work for some time past, and some of the best compositions of church music will be rendered. The programmes, while they will not embrace many pieces not familiar, will be replete with the compositions generally recognized as most suggestive of the joyous event the festival commemorates. The choirs are in full practice and their personal comprises the best vocal talent in the city. The programmes for next Sunday are here given.

St. Mary's Church.—Music under the direction of Mr. Joseph M. Monroe. Farner's Mass in B flat, Kyrie; Gloria; Credo; Mercantini's Sanctus and Agnus Dei; Offertory, Haec Dies, by Kipp, in G; Recessional, Strike the Cymbal. Greenstreet; presentation of the alms, "Holy offerings rich and rare," sanctus 47, Taylor, hymn 200, "Bread of heaven," "Gloria in Excelsis," Directress, Katharine H. Stuart.

THE PASSOVER.—On Friday at sunset the Hebrew festival of the Passover commences. It was instituted by Moses, in commemoration of the Exodus from Egypt and the liberation of the Israelites from bondage. This noteworthy incident followed close upon the ten plagues, as described in the Scriptures, ending with the tragic incident of the slaying of the firstborn of all except those of the Israelites. In the Jerusalem Temple the bringing of the paschal lamb inaugurated the festival, on the eve of the 14th of the first Hebrew spring month (Nisan), and the eating thereof followed on the same night, together with the specially baked unleavened "bread of affliction." All leaven is excluded from the household on that evening and the following seven days, the first and last of which are observed as holy. The more orthodox observe eight days of the holiday, duplicating for total abstinence from business the last seven evenings of the festival. On the first evenings of the holiday is the occasion for certain domestic rites, commemorative of the deliverance from Egyptian bondage, including the recital of scriptural and legendary narrative bearing upon the event, chanting of psalms, &c. Special preparations have been making for the observance of the festival, the baking of the matzoth, or unleavened bread, used exclusively in Jewish families, having become quite an industry. The holiday also has an effect on business houses, which provide special spring costumes for males and females needed for the occasion, wares of all kinds for household and food supplies of every description. The festival is also the occasion of family reunions, and many strangers come hither to their parents' homes to participate in the joys of the Passover. In this city the Israelites will close their business houses on Saturday, in commemoration of this festival, and will keep it by attending the special services in the synagogue on Friday evening and on Saturday.

Last night Henry Staunton, colored, brought to the station house a little white boy who had strayed from his home and gotten lost in the lower part of the city. Some time afterwards Mr. W. J. Carter, who lives on upper Prince street, appeared at the station house to report the loss of his child and it was there he found the missing boy.

FOR A NEW DEPOT.—Upon the invitation of a number of citizens Gen. J. C. Hill, State Railroad Commissioner, visited this city to-day and with the committee inspected the railroad buildings, &c., owned by the Pennsylvania Railroad Company. The committee (Mayor Strauss, City Treasurer Harlow, George Norton, Corporation Attorney Brent and Messrs. F. E. Anderson and T. H. Netherland, the last two named being the president and secretary of the Transportation Association) pointed out to Gen. Hill the inadequacy of the present depot and stated the efforts that the citizens had made to secure the erection here of a more suitable building. Gen. Hill expressed his surprise that a better depot building had not been erected here before and said he would be glad to aid the citizens of Alexandria in their efforts to secure such a building. After an interchange of views the committee decided that they would again petition the officials of the railroad company to erect a suitable depot building here, and that in case this petition is not heeded, then to invoke the aid of the Railroad Commissioner and the Board of Public Works in the endeavor to compel the railroad company to erect a building commensurate with the city's importance and requirements.

CHARTERS.—Judge Norton to-day granted a charter to the Rapid Transit Railway Company, the objects of which are to purchase an interest in the inventions of G. F. Frost for improvement of electric bicycle railways, and to sell or lease rights to build railways constructed according to said inventions. The capital stock is to be \$300,000, divided into shares of \$100 each, and the principal office is to be in this city. The officers are G. F. Frost, president; C. H. Davidge, treasurer, and C. A. McCuen, secretary—all of Washington.

Judge Norton also granted to-day a charter to the George W. Scott Company, the objects of which are to buy and sell cigars, tobacco, &c. The capital stock is to be \$100,000, and Mr. A. W. Armstrong is to be agent in this city. The officers are G. W. Scott, president, and W. A. Noel, secretary, both of Washington.

FOOLHARDY BOYS.—This morning a small boy named Earl Croson, son of Mrs. John Croson, of West End, under took to jump on a moving passenger train of the Richmond and Danville road on Henry street, between King and Prince. He missed his footing, was thrown violently to the ground and stunned. He was picked up and carried into the house of Mr. David Sacres, nearby, and upon the proper restoratives being applied soon regained consciousness. Apart from some bruises and a severe shock to his system, he escaped serious injury. Hardly before the excitement occasioned by this narrow escape had subsided, another youth, in no wise impressed by the lesson he should have learned, ran ahead of a moving train and placed himself astride of the tongue. He was made to dismount before he was thrown from his perch and hurt.

PERSONAL.—Bishop Whittle will visit the churches in this city on Easter Sunday, and on Monday some of the churches in the neighborhood of Alexandria.

Mr. Peter Wise is quite ill at his home, on Prince street.

Mr. J. P. Lash has resigned his position as mail clerk in the city postoffice, Mr. W. E. Whaley, appointed in his stead, to-day entered upon the duties of his office.

Mr. L. W. Spear and a number of Boston capitalists were in the city yesterday on business connected with the lines of the electric railways which Mr. S. proposes building in this city and vicinity. The Bostonians were much pleased with what they saw and heard relative to the plans and it is said that Mr. Spear is rapidly perfecting his plans for an early commencement of work on the lines.

EXPANDING ALL NEAR US.—The prevailing growth and activity is not alone confined to the city of Alexandria, but extends to the villages and counties near us. Many new buildings are now in course of construction in "West End" and in the counties of Fairfax and Alexandria. The farmers, too, are improving their property by clearing, repairing, ditching, fencing, etc., and the country around us is rapidly growing attractive to strangers; in fact, they are offered greater inducements to settle here than in any other section of the State. Houses, lots and land are still very cheap, the water, climate and soil are unsurpassed, the schools unequalled and society unexcelled, and, as has often been shown, the section is contiguous to Washington, Baltimore and other commercial centers.

GOOD FRIDAY.—To-morrow will be Good Friday, the most solemn day in the church calendar, commemorating the crucifixion of the Saviour. In the Catholic Church the services will be of a particularly impressive nature, while in the Episcopal and Lutheran churches the services, though not so elaborate, will be of equal solemnity.

Services will be held in the various churches to-morrow as follows: Christ Church, 7 and 11 a. m. St. Paul's, 5 p. m. Grace, 7 a. m. and 7:30 p. m. St. Mary's, 8 a. m. and 3 and 7:30 p. m.

German Lutheran, 11 a. m.

To-day being Holy Thursday, appropriate services were this morning held at St. Mary's Church.

ELECTRIC RAILWAY TRAIN.—Two of the large cars of the Mount Vernon Electric Railway were coupled together yesterday evening on the 5:05 trip down and the new device for running the cars in trains was given a full test. But one trolley was utilized and the services of but one motorman was needed, though the motors of both cars were brought into requisition. After leaving the city's limits the proper current was given the train which at times acquired a speed of from 35 to 37 miles per hour, though no special effort was extended toward making extra fast time. Everything worked satisfactorily, plainly demonstrating the practicality of running the cars in trains whenever needed for the accommodation of excursion parties.

DOCKSTADER'S MINSTRELS.—This famous organization will be at the Opera House next Monday night. The comedians and entertainers are Dockstader, Powers, Dumont, Falke and Semons, the Columbian Quartette, Harrington, Blockson and Burns. There are also eight cultivated vocal soloists, a large well trained chorus and superb band and orchestra. Dockstader's imper-

sorations include Harrison, Blaine, Hill, Cleveland, Depew, Reid and others, with original songs and speeches.

RESIGNATIONS.—Mr. W. H. Treake has resigned the position of janitor of Washington School building.

Mr. Wm. Kell has become dissatisfied with the position of driver of the hose wagon of the Hydraulion fire company, to which he was recently selected, and has tendered his resignation. The company will meet to-night to recommend a suitable person to fill the vacancy. The Fire Wardens elect.

POLICE REPORT.—Last night was clear and cool with one prisoner and three lodgers at the station house. The Mayor this morning disposed of the following cases:

A white man charged with being drunk and disorderly was dismissed with a reprimand.

Tecumseh Wilkerson, a colored boy for an assault on John Coleman another colored boy, was fined \$1.

LOCAL BREVITIES.

Frost and ice again last night.

It is said that Mr. David B. Cook, whose mysterious disappearance has heretofore been mentioned, was seen on Friday evening last after 5 o'clock walking rapidly down Fairfax street.

Mr. John Chaucery has finished the repairs to the wheels of the Columbia fire engine and they have been fitted on the engine. The wheels have been handsomely painted and are now as good as new.

The game of billiards played at the Lyceum last evening between Messrs. Walter Donnelly and J. L. Lash was won by the latter by a score of 100 to 63. Another contest will take place to-night.

It is reported that a syndicate has been formed in Philadelphia for the purpose of purchasing the franchises of the Baltimore and Washington baseball clubs. According to rumor the scheme is said to be Sunday games at the Alexandria Driving Park. The rumor is not believed in this city.

Marriage licenses were issued in Washington yesterday to George H. Rector, of Fauquier Springs, and Annie E. Harvey; Joseph J. Smith, of Warren county, and Sue B. Iden, of Loudoun county; Joshua A. Smith, of Albemarle county, and Victoria (trani), of Nelson county; Meyer Feder, of Montgomery county, and Mattie Lovell, of Staunton; John H. Browne, of Alexandria, and Nettie Buchanan, of Washington, and to James W. Swan, of Culpeper, and Exie Swan, of Gordonsville.

But one week more, and the face of the society girl, not to be behind the other flowers of the spring, will bloom out from beneath the much talked of "Easter bonnets" in the freshest and sweetest of blossoms, its delicate tints restored by the Lenten fast, and radiantly surmounting a figure whose every charm is heightened by the presence of the "Easter gown."

The best he has ever tried. E. G. Bowling, Esq., Aquasco, P. O., Md. one of the largest planters in that section of the State writes: "I take pleasure in recommending Dr. Bull's Cough Syrup as the best remedy for coughs and colds I have ever tried. Both myself and family have used it with most satisfactory results."

FROM SIRE TO SON.

As a family medicine Dr. Bull's Cough Syrup passes from sire to son as a legacy. If you have Kidney, Liver or Blood disorder do not delay, but get a free sample package of this remedy at once. If you have Indigestion, Constipation, Headache, Rheumatism, etc. this grand specific will cure you. E. S. Lead-better and Sons', the leading druggists, are sole agents and are distributing samples free to the afflicted. Large packages 50c.

A Sensational Story

has attracted attention lately but as a matter of fact the public has also devoted time to things substantial, judging by the unprecedented sale of the Gail Borden Eagle Brand Condensed Milk. Unequaled as a food for infants. Sold by Grocers and Druggists.

To-morrow, Friday, Is Our Regular Remnant Day.

This Remnant Day for several years has been an established institution here. But who would have thought that it would attain such vast proportions and become wide and favorably known. To prevent accumulations and is its only object. Great price reductions must be made on every article to further this object. We advertise everything, just as it is—quantity, condition, original price, reduced price, giving detailed description as far as possible, and this Remnant Day explains why you are always asked to look at fresh, reasonable, attractive merchandise at all times here.

All goods that unavoidably get soiled, mended, scratched, and otherwise defaced from handling and displaying—these are all termed remnants—and there are stacks and piles of such things every week. Remnants are by no means always obsolete styles or damaged goods—they are often the "plumed knights of merchandise."

"Short Lengths," "Odd Sizes," "Broken Lines," "Small Lots," &c., that become so quickly, because novel, beautiful, rich, low priced. Indeed, the best recommendation a piece of Dress Stuff, Lace, Ribbon, Linen, or any article can have is to become a remnant early in life. But fragments and remainders must go. Richness and beauty cannot save them.

In BLACK and COLORED DRESS GOODS you can find many suitable lengths of the very latest Spring Fabrics for an Easter Gown. The Dress Trimming Department will furnish the garniture, for the unusual demand on its resources has left many choice bits, which you can get at almost your own price. From the Special Display and Sale of Imported Madras and Upholstery Goods there is an enormous lot of short lengths of "Madras," "Muslin," "odd pairs" and "single curtains," in Irish Point, Real Lace, Silk, Nottingham, Swiss Lace, &c. We've marked these at half and less than half their value.

China, Glass and Housefurnishing Departments offer a lot of remnants that have collected since our last Remnant Day.
